

September 2016

Dear Parent/Carer

We are pleased to inform you that your son/daughter has been selected to take part in the science enrichment activity at Heanor Gate Science College, scheduled to take place on Wednesday 19 October 2016 from 2:50pm to 4:00pm. (Complimentary light refreshments will be provided before the session commences).

The science enrichment activity is organised by Nottingham Trent University in collaboration with Heanor Gate Science College. It aims to motivate and inspire and will give students studying physics an insight into modern physics. It also highlights where studying maths and physics might take you in terms of engineering and future developments.

Students will have the opportunity to work together in groups to explore 'Mountains on the Moon' and the 'Northern Lights' which are related to topics of intrinsic interest to young scientists with an enquiring mind.

**Physics at University**

There will also be a short (15 minute) talk showcasing opportunities in physics at university including the types of course, industrial placements, opportunities to spend a year abroad, employment prospects and university life.

Please complete, sign and return the attached reply slip by Friday 30 September 2016.

If you have any queries please do not hesitate to contact me on the school number or at [c.epienanje@heanorgate.derbyshire.sch.uk](mailto:c.epienanje@heanorgate.derbyshire.sch.uk) .

Yours sincerely

Mr C. Epie Nanje  
KS5 science Coordinator
