

December 2016

Dear Parent/Carer

Mock Examinations – Year 12-13

As we move towards the end of term all of our Year 12 and 13 students will be taking their mock exams. The exams will run from Friday 9 December to Friday 16 December 2016. Results of the mock exams serve a great source of reference for parents, students and staff. Results will be shared during the first week in January.

Students will sit an exam for each subject that they are taking. Each subject will be allocated a separate time, so that all students taking that subject sit the exam together.

Any students who are absent for mock exams will be expected to go to the main exam room upon their return, to arrange to sit any missed exams.

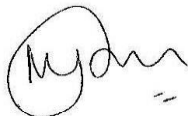

Timetabled lessons will be taking place as normal and students should attend all lessons when not in an exam. Some students taking afternoon exams may be later leaving school, due to the length of the exam.

If your child has access arrangements, these will be provided as usual.

The secret to exam success lies in a healthy mix of work, rest and play. With the Christmas break coming soon, students will have plenty of time to recoup after their mock exams are finished.

Should you have any queries regarding the mock exams, please do not hesitate to telephone the main reception.

Yours sincerely
